

SCORE **LCA**

Interactive session

Philippe OSSET

SCORELCA

Welcome!

partici.fi/06137652

1. Warm up

How did you hear from this seminar?

1. By email
2. LinkedIn
3. Word of mouth
4. Website
5. Other

2. Warm up

How did you come here from your home?

1. Plane + local transportation
2. Train + local transportation
3. Car + local transportation
4. Local transportation only – public transportation, bike, walk
5. Other

3. Warm up

What is your role within your organization?

1. Expert practicing LCA more than 50% of the year
2. Specifier of LCA studies or user of LCA results
3. Both
4. None

4. Warm up

How often did you attend a SCORE LCA day?

1. First time
2. 2nd or 3rd time
3. 4th or 5th time

Main Themes Proposed during the last Seminar

Themes that YOU proposed	SCORE LCA deliverables
LCA in the decision-making process	Study (2017-01)
Circularity assessment in LCA	Training sessions
Transparency in Allocation methods	
Territorial LCA incl. Circular Economy	
Dynamic LCA	Study (2023-02)
Data storage impact	
Social LCA	Study (2016-04)
LCA for emerging technologies	
Resource dissipation	Study (2020-05)
Prospective LCA (2050 technologies)	Study (2015-07)
Avoided emissions	Study (2018-03)
Planetary boundaries	Study (2016-01) and Workshop (June 2022)
Recycling	Studies (2013-03 ; 2014-02 ; 2015-05 ; 2019-02 ; 2020-04) Training session (2024 & 2025)

5. Rank these current SCORE LCA's projects by interest

2023-02	Dynamic LCA
2023-03	Taking forests into account in LCA
2023-04	Methodological recommendations for E-Fuel LCA
2023-05	Spatializing impacts in LCA
2024-01	LCA and critical materials
2024-02	LCA of projects and infrastructures
2024-03	Water footprint and AWARE LCA indicator: practices and recommendations
2024-04	Conditions of applicability of the CFF and evolution of standardization and weighting factors (PEF, planetary limits, etc.)
2024-05	LCA and sustainable purchasing

6. Rank these future SCORE LCA's Project by interest

	Potential projects for SCORE LCA 2025 program
1	How LCA can assist CSRD
2	LCA and triple accountability
3	Taking account of the multifunctionality of the products/systems studied in LCA
4	Evaluation of Chain of Custodies in LCA
5	Use of Mass Balance for Liquid biofuels
6	Prospective LCA – Last Developments
7	Feedback on Environmental Product Labelling and Communication
8	Biodiversity & LCA
9	Overview of LCA research
10	Reuse in LCA
11	Massification of LCA (benchmark makersite)
12	Biomass use

7. Which other research topics would be of interest for you?

Context: suggested topics will be discussed within SCORE LCA. It might be of interest for you IF YOU (or members of YOUR organization) would take some time to read the recommendations of a SCORE LCA study about that topic

Suggestion: not only one word to describe the topic, if possible please

8. Which additional benefits would you expect from SCORE LCA?

Context: additional benefits as compared to what has been presented in introduction about SCORE LCA

9. Which key topics should be addressed by an interesting SCORE LCA training?

Context: SCORE LCA will set up approx. one to two trainings per year within the coming years and expect to provide useful training. It might be of interest for you IF YOU (or members of YOUR organization) would attend such training

Suggestion: provide the “title” of a training

10. Among the communication channels you practice, which one seems to be appropriate to publish SCORE LCA results?

Context: SCORE LCA would like to enlarge communication about its deliverables
